**Tower?** Because we are located at Tweed New-Haven airport, not only are we easy to find, we also have an operating Air Traffic Control Tower. This means not only added safety, but also the unique and important opportunity to train at a field where Air Traffic Controllers are working, giving the student pilot an advantage over schools at fields without Towers.

**Parking?** We also have a safe, ample, and lit parking lot, which is free for our customers and their guests.

**Did you know?** You can bring family and friends on any of your lessons? You can, and at no extra cost.

**Fun?** Every month, we organize a Breakfast or Dinner Flight for the entire flight school, for companionship, good food, great flying, and a lot of fun.
